# We have a trail network minutes from your front door.

Buffalo Bean is our member-only trail network (pictured on the front of this brochure), located minutes from your front door at the Cochrane AG Society. Over 5km of man-made and machine made trails that can be looped together for some fitness and fun. An XC style loop, Ryan's Dream and Angry Hawk flow trails, a jump line, wooden features, a drop zone and our Dual Slalom, there's something for every level to bike and run on.

In addition to Buffalo Bean, we maintain more than 25km of trails throughout Cochrane. Check out our website to find more places to ride.

## What is Bike Cochrane

Bike Cochrane's mission is to serve Cochrane through the promotion of, and advocacy for, cycling in our community.

Our vision is to develop a cycling-friendly culture in Cochrane through the implementation of safe infrastructure for transportation, recreation and competition. We will participate regularly as a recognized stakeholder group in road and community planning, park (re)development, construction projects and area transportation plans, work with public and private land owners and managers to allow public cycling trails and assist in providing and maintaining access to cycle pathways, trails and facilities, for use by the public.

## Get Involved

Are you interested in Volunteering with Bike Cochrane to help make your town more bikeable? We need everyone from Trail Diggers and event help to volunteer coordinators and everything in between. Our organization is 100% volunteer run, the more volunteers we have, the more we can accomplish.

Together we can create a cycle-friendly town with trails, bike parks and safe cycling infrastructure for future generations.

If you've got time and passion, please reach out.
